Dear Mr. Hines:

The New Hampshire Department of Environmental Services, Air Resources Division ("DES"), has reviewed the actions taken by Spaulding Composites, Inc. ("Spaulding") in response to Letter of Deficiency ARD No. 2005-007 ("the LOD"). DES believes that the specific issues addressed in the LOD have been resolved in a manner consistent with the NH Admin. Rules 100 *et seq.*, NH Rules Governing the Control of Air Pollution. Based upon a determination by DES that compliance with the LOD has been achieved, DES issues this Letter of Compliance.

Please be advised that DES will continue to monitor the Compliance status of Spaulding. This letter does not provide relief against any existing or future violations, and refers only to the compliance issues addressed in the LOD.

DES recognizes the efforts that Spaulding has taken to come into compliance. If you have any questions regarding this Letter of Compliance, please contact Raymond Walters, Compliance Bureau, Air Resources Division, at (603) 271-6288. Thank you for your cooperation.

Sincerely,
